Modern Korean history is an important subject for future generations of Korean immigrants to learn their background and their ancestors' struggles for independence and democracy. The search for simple English storytelling on the subject found no easy answer. The Author, having lived in both Korea and the U.S., presents an objective and panoramic view of history through the life of Syngman Rhee(1875-1965), the reformer and the first president of the Republic of Korea. The Author depicts international politics in the colonial period and follows the life of a young man destined to be an enlightened and courageous spiritual and political leader. He bridged the old Korean dynasty engulfed in colonization with a vibrant Republic, a bulwark of democracy in the Far East which was swept by communism. The book is essential reading for the new generation interested in the dazzling progress of the new republic, the war to thwart communism, and the people's will for democracy and freedom.

E Pluribus Kinko's describes how a highly democratic business structure helped Kinko's grow and profit for thirty years, and how the loss of democracy contributed to the company's decline and disappearance. From 1970 to 1999, Kinko's grew from a one-hundred-square-foot copy shop to a two-billion-dollar industry leader with over 1,000 branches worldwide, with thousands of engaged and participative citizen-coworkers. The foundations of our democracy were The Philosophy, which was like a constitution that clearly articulated stakeholder rights and expectations, our Partnership Ethos, which used profit sharing to spread the benefits and responsibilities of citizenship throughout the organization, and our habit of Pot-Stirring, which produced the frequent revolutions Thomas Jefferson believed were necessary in a healthy democracy. It was very messy - and very profitable.

The Challenge of Democracy: American Government in Global Politics, The Essentials Cengage Learning

This best-selling American government text is highly acclaimed for the non-ideological framework it uses to explore three themes: freedom, order, and equality as political values; majoritarianism versus pluralism debate; and globalization's effect on American politics. Extensively updated, this edition includes new examples, figures, data, and current discussions. The authors include balanced coverage of the first two years of the Obama administration, coverage and

analysis of the 2010 mid-term election, and a retrospective of the Bush presidency. THE ESSENTIALS version of the text replaces both the Seventh Edition of the Brief version and the Second Edition of the Student Choice version. The Eighth Edition can be packaged with Aplia, which offers students automatically graded homework assignments. Organized by chapter, Aplia helps provide students immediate, detailed explanations, and helps them come to class better prepared for discussion. For more on Aplia and other media available with this text, click on Supplements.

Americans today are being played, Big Time! The average voter has become a pawn in a high-stakes game of political maneuvering and chicanery that has moved beyond mere competition and challenge to something more closely resembling combat. Behind every sound-bite or online news byte is a surreptitious attempt to shape public opinion and spin events in a game of one-upmanship.

THE CHALLENGE OF DEMOCRACY: AMERICAN GOVERNMENT IN GLOBAL POLITICS, THE ESSENTIALS introduces new co-author Debra Schildkraut to this stellar author team. This best-selling American government text is highly acclaimed for the non-ideological framework it uses to explore three themes: freedom, order, and equality as political values; the majoritarianism versus pluralism debate; and globalization's effect on American politics. Using an easy to follow approach, with chapters and subheadings numbered and organized by learning outcomes, and a new end of chapter "Assessing Your Understanding" section where students can test their knowledge, the ninth edition provides a solution for teaching and assessing course learning outcomes. Extensively updated, this condensed edition includes new examples, figures, data, and current discussions. The authors include balanced coverage of Obama's historical presidency and coverage and analysis of the 2012 presidential primary campaign and election. This ninth edition of THE CHALLENGE OF DEMOCRACY, THE ESSENTIALS is an abridged version of the twelfth edition of THE CHALLENGE OF DEMOCRACY. See "Features" for details.

In July 1997, twenty-five of America's most influential journalists sat down to try and discover what had happened to their profession in the years between Watergate and Whitewater. What they knew was that the public no longer trusted the press as it once had. They were keenly aware of the pressures that advertisers and new technologies were putting on newsrooms around the country. But, more than anything, they were aware that readers, listeners, and viewers — the people who use the news — were turning away from it in droves. There were many reasons for the public's growing lack of trust. On television, there were the ads that looked like news shows and programs that presented gossip and press releases as if they were news. There were the "docudramas," television movies that were an uneasy blend of fact and fiction and which purported to show viewers how events had "really" happened. At newspapers and magazines, celebrity was replacing news, newsroom budgets were being slashed, and editors were pushing journalists for more "edge" and "attitude" in place of reporting. And, on the radio, powerful talk personalities led their listeners from sensation to sensation, from fact to fantasy, while deriding traditional journalism. Fact was blending with fiction, news with entertainment, journalism with rumor. Calling themselves the Committee of Concerned Journalists, the twenty-five determined to find how the news had found itself in this state. Drawn from the committee's years of intensive research, dozens of surveys of readers, listeners, viewers, editors, and journalists, and more than one hundred intensive interviews with journalists and editors, *The Elements of Journalism* is the first book ever to spell out — both for those who create and those who consume the news — the principles and responsibilities of journalism. Written by Bill Kovach and Tom Rosenstiel, two of the nation's preeminent press critics, this is one of the most provocative books about the role of information in society in more than a generation and one of the most important ever written about

news. By offering in turn each of the principles that should govern reporting, Kovach and Rosenstiel show how some of the most common conceptions about the press, such as neutrality, fairness, and balance, are actually modern misconceptions. They also spell out how the news should be gathered, written, and reported even as they demonstrate why the First Amendment is on the brink of becoming a commercial right rather than something any American citizen can enjoy. *The Elements of Journalism* is already igniting a national dialogue on issues vital to us all. This book will be the starting point for discussions by journalists and members of the public about the nature of journalism and the access that we all enjoy to information for years to come.

The verbal section of the GRE is essentially a vocabulary test. With a few exceptions, if you know the word, you will probably be able to answer the question correctly. Thus, it is crucial that you improve your vocabulary. Even if you have a strong vocabulary, you will still encounter unfamiliar words on the GRE. Many students write off questions, which contain words, they don't recognize. This is a mistake. This book introduces numerous techniques that decode unfamiliar words and prod your memory of words you only half-remember. With these techniques, you will often be able to squeeze out enough meaning from an unfamiliar word to answer a question correctly. Nevertheless, don't rely on just these techniques--you must study word lists. Obviously, you cannot attempt to memorize the dictionary, and you don't need to. The GRE tests a surprisingly limited number of words, and this book has 4000 prime candidates. Granted, memorizing a list of words is rather dry, but it is probably the most effective way of improving your performance on the verbal section. All the words you need for success on the GRE! Features: * 4000 Words Defined * Word Analysis section * 200 Prefixes, Roots, and Suffixes * Concise, practical definitions

Home is where the heart is... Seven years after leaving town and the only girl he loved, Cooper still couldn't forget about Sophia. He had two loves. Music and the woman of his dreams. Coming back home proved that would always be true. But things have changed. Now he has to gain her trust again if he wants to make her all his. The question is, did he lose his chance the first time? Some things are hard to forget... Sophia tried to stop loving Cooper and failed miserably. Despite the way he'd abandoned her seven years earlier, she can't seem to stay away, even though trusting him doesn't prove easy. One careless night could change it all and the secret she carries may ruin any chance of them being together. They say life is all about taking chances. But when opportunities are lost and love comes knocking the second time around, lives are changed forever.

How often do you battle the desires of what you want your spouse to do and what actually happens? Each year couples begin the disastrous journey of divorce that might have been averted by better communication over the little stuff. Learning how to communicate with your spouse in the way that gets them to want to see your perspective is key to a successful connection. In his book *The Connection Principle: 3 Essential Communication Tools for Getting What you Want from Your Spouse*, Chuck Taylor combines engaging story telling with practical steps to help you move your spouse from working against you to working with you. This book will teach you to help your spouse to engage in conversations, to desire to hear what you are saying, and to create a meaningful environment for communication.

History of Gambia Political Governance and Economy. Democracy practices, Human right and Trade Management. A Book on Gambia Environment will guide you through. Political risk in the tiny West African state of "The Gambia" is high. Named after the small river around which its borders fluctuate, the country hosts a dictatorship established in a 1994 coup. The country also hosts

Hizbollah operatives who conduct international financial transactions, and is one of the top African cocaine transshipment points to Europe. Local businesses are considering fleeing to Sierra Leone to escape a raft of seemingly arbitrary and protectionist laws promulgated by the President for potentially personal reasons. Many small business owners and foreign investors see Sierra Leone as a better alternative, and are considering migrating their businesses. However, according to Ease of Doing Business data from the World Bank, The Gambia has a fighting chance against its nearest competitor. In 2013

"It does not take a majority to prevail... but rather an irate, tireless minority, keen on setting brushfires of freedom in the minds of men." Samuel Adams" In 2115, New England society is thriving a century after a worldwide economic and societal collapse. There are no borders, no states, and no coercive regulations, yet never has a more peaceful and prosperous place existed on earth. But there is unrest in this apparent paradise. Mr. Drake's third generation security company has seen better days, and his arbiter friend Mr. Barry is under investigation by Business Ethics Review for allegedly taking a bribe. Faced with the prospect of a crumbling business, and waning power, the two devise a plan to reform society to their liking. Mr. Drake and Mr. Barry intend to replace the anarchy of New England, with... a government! However, intrepid reporter Molly Metis, won't be intimidated by the pair. Despite attempts to stop her, she continues to dig deeper into recent events surrounding Drake and Barry. She is sure she can expose the dark plot, but will anyone listen? Will they care? And what will be the cost?

See "Features" for details.

Mansourou comes out of the gate firing and does not relent in this criticism of religious notions and influence. Rather than refer to religion in general terms or acts in the name of religion, Mansourou attacks religious undertones and what is not often looked at in religious subtext along with modern religious theology for their shallow and vacant themes in today's complex society.
