

The Fall Of Public Man Richard Sennett

A landmark study of urban society, reissued for the 40th anniversary of the original publication with a new epilogue by the author. A sweeping, farsighted study of the changing nature of public culture and urban society, *The Fall of Public Man* spans more than two centuries of Western sociopolitical evolution and investigates the causes of our declining involvement in political life. Richard Sennett's insights into the danger of the cult of individualism remain thoroughly relevant to our world today. In a new epilogue, he extends his analysis to the new "public" realm of social media, questioning how public culture has fared since the digital revolution.

The *Handbook of Urban Studies* provides the first comprehensive, up-to-date account of the urban condition, relevant to a wide readership from academics to researchers and policymakers. It provides a theoretically and empirically informed account embracing all the different disciplines contributing to urban studies. Leading authors identify key issues and questions and future trends for further research and present their findings so that, where appropriate, they are relevant to the needs of policymakers. Using the city as a unifying structure, the *Handbook* provides an holistic appreciation of urban structure and change, and of the theories by which we understand the structure, development and changing character. Reissue of the classic text on how cities should be planned. When first published in 1970, *The Uses of Disorder*, was a call to arms against the deadening hand of modernist urban planning upon the thriving chaotic city. Written in the aftermath of the 1968 student uprising in the US and Europe, it demands a reimagination of the city and how class, city life and identity combine. Too often, this leads to divisions, such as the middle class flight to the suburbs, leaving the inner cities in desperate straits. In response, Sennett offers an alternative image of a "dense, disorderly, overwhelming cities" that allow for change and the development of community. Fifty years later this book is as essential as it was when it first came out, and remains an inspiration to architects, planners and urban thinkers everywhere.

Traditional Chinese edition of *A Reliable Wife* by Robert Goolrick. The story opens in a windy and cold October in 1907 Wisconsin, at the platform of a train station Ralph Truitt, a wealthy widower, awaits his mail order bride to arrive. He wanted a reliable wife, but she, as it turns out, wants his estate and to be his widow. In Traditional Chinese. Distributed by Tsai Fong Books, Inc.

Living with people who differ - racially, ethnically, religiously or economically - is one of the most urgent challenges facing civil society today. Together argues that co-operation needs more than good will: it is a craft that requires skill. In modern society traditional bonds are waning, and we must develop new forms of secular, civic ritual that make us more skilful in living with others. From Medieval guilds to today's social networks, Richard Sennett's visionary book explores the nature

In this provocative and timely book, Richard Sennett examines the forces that erode respect in modern society. Respect can be gained by attaining success, by developing talents, through financial independence and by helping others. But, Sennett argues, many who are not able to achieve the demands of today's meritocracy lose the esteem that should be given to them. From his childhood in a poor Chicago housing project to the contrasting methods of care practised by a nun and a social worker, from the harmonious interaction of musicians to the welfare system, Sennett explores the ways in which mutual respect can forge bonds across the divide of inequality.

An epic detailing the Great War of the Ring, a struggle between good and evil in Middle-Earth, in which the tiny Hobbits play a key role.
