Alexander Tork, a fifteen-year-old boy, is an apprentice lumberman learning the trade from his father in a small nameless village in the frontier region of Targa. Oscar Dalek, a fifteen-year-old boy, lives with his widowed mother in a town on the Targa-Cordonia border. The family's survival rests with the boy's abilities to salvage whatever he can from the caravans crossing the border. Jenneva Roth, a fifteen-year-old girl who loves to read, lives with her aged uncle in western Targa. Unfortunately, her uncle's health is failing and she must travel across the country to live with relatives she has never seen. Origin Scroll by Richard S. Tuttle is a fantasy novel about three formerly insignificant young people who will meet and unite their special abilities to challenge the evil sorcerer, Sarac, before he destroys the Universes. Origin Scroll is the first volume of the Targa Trilogy. Dark Quest and Ancient Prophecy complete the Targa Trilogy. We survived the destruction of our brothers in Canis Mayor, where both the Alpha and X Legions were laid to waste by Ahmurai. After my rescue by the special forces agent Captain Setzune and her android Rin, we have found a way to return to the Milky Way. I hope we make it back in time. Ahmurai has threatened to destroy humanity as a whole, and we must get there as soon as possible. My fear is we will not make it in time—perhaps never make it at all. If we make it to the Milky Way, I will step into the gates of hell. This is my final battle, I know it. I will go all in. This is when the fate of the universe is decided.

Step into Cynthia Eden's sexy paranormal world and you'll meet an alpha werewolf who will risk everything for the woman he loves...For the first time, all of the BLOOD AND MOONLIGHT novels are now available in one hot boxed set. BITE THE DUST – Book 1 When New Orleans Detective Jane Hart investigates her first official homicide case, she never expects to have her world ripped apart. But the murder she's investigating is part of a deadly war between vampires and werewolves...and now Jane is caught in that eternal battle. A battle that can't end well. Werewolf Aidan Locke has been running New Orleans for years. It's his job to keep the vamps out of the city. But when a Master Vampire comes to town, determined to unleash hell, Aidan knows it's time to fight with all the fury of his pack. Beast versus vamp, until the last breath. Then he meets Jane... One look, one taste, and Aidan knows that Jane is far more than she seems. Far more than she even knows herself to be. She's important in the paranormal war, not a pawn to be used, but a queen to be won. And if he can't keep her at his side, if he can't stop the darkness from descending on the town...then Jane Hart will become not just a fierce cop, not some guardian, but something deadlier. Darker. Aidan will fight heaven and hell to change her fate. To change their fate because he is more than just a predator. And Jane is more than prey. Far more. BETTER OFF UNDEAD – Book 2 Detective Jane Hart is just getting used to paranormal life in New Orleans. Monsters are real, and she's the lucky cop who has to deal with them on a daily basis.

Werewolves, vampires, witches, and demons—she has to face them all and keep their paranormal madness in check. When a killer targets human men—and leaves their bodies scattered in local cemeteries—Jane suspects she may be looking at the crimes of a werewolf gone rogue. In order to hunt down the beast, Jane once again teams up with her werewolf lover, alpha Aidan Locke. But Aidan has been keeping secrets from Jane, dark secrets that will destroy her world. Because Jane isn't the hunter on her latest investigation. She's the prey. And when a vampire attack leaves her helpless, the woman that Jane was before will vanish. She'll become the one thing she fears most and Aidan... Her fierce lover may have to become her executioner. BITTER BLOOD – Book 3 New Orleans detective Jane Hart is a vampire. She craves blood, has supernatural strength, and when the mood hits her just right, she can grow one killer pair of fangs. She never counted on being a vamp, but she also never counted on falling hard for werewolf alpha Aidan Locke. Now she's mated to the wolf, and even though she's living the undead life, Aidan refuses to leave her side. But Jane is being watched, hunted...tested. And each deadly test that she faces puts Jane—and the people she loves—in the path of a determined killer. She has to find out who is setting her up, before it's too late. Too late for Jane. Too late for Aidan. Jane's blood has infected Aidan and the wolf that lives within him is fighting for survival. Each battle...each dark test that their enemy puts in their path...each move slides Aidan closer to the edge. A darkness is growing inside of him. A darkness that is slowly consuming the man he's been... And leaving only the monster behind.

The thrilling and powerful psychological trilogy, reissued to coincide with a major 3 part TV adaptation, Fallen Angel, starring Charles Dance and Emilia Fox, from the bestselling author of 'The American Boy'. 'Nobody's perfect,' says a little girl in a walled garden. Certainly not the child stolen from a shabby London street. Or the sexually frustrated suburban vicar. Or least of all, perhaps, the woman who runs out of good times and comes to perch like a cuckoo in the bosom of a perfect family. Fallen Angel uncovers the secret history of a murderer, tracing the full damage and horror of an unforgiving killer over forty years. A chilling account of one family's self-destruction, the story slowly strips away the past, like an archaeological dig into the very nature of evil.

Here begins an epic tale of bitter family feuds, of jealousies and betrayals, of wild magic and unfettered power ... and of the forging of a sword -- Back cover.

When Blaire moves to Rosemary Beach, Florida, to live with her father, she finds he and his new wife have gone to Paris and her stepbrother Rush has been left behind to watch her.

Acclaimed by writers, critics and readers alike, here is the opening chapter in what has been hailed a landmark of epic fantasy. A novel in which grand design, a dark and complex mythology, wild and wayward magic and a host of enduring characters combine with thrilling, powerful storytelling to resounding effect. Even its imperial legions yearn for some respite. For Sergeant Whiskeyjack and his Bridgeburners and for Tattersail, sole surviving sorceress of the Second Legion, the aftermath of the siege of Pale should have been a time to mourn the dead. But Darujhistan, last of the Free Cities of Genabackis, still holds out - and Empress Lasseen's ambition knows no bounds. However, it seems the empire is not alone in this great game. Sinister forces gather as the gods themselves prepare to play their hand...

In Volume I, of Sons of the Dark Mother, The Fallen One, Book 2, Once an ancient race brought forth her children to be the Children of the Earth. Yet, some became dissatisfied with sharing the power of the stone--and the Dark Cloth was born. Now, the four princes of the earth must stop those who would destroy the mother in their greed and quest to own the power of all. Justice is the dark prince of fire--and Jess is his mate...and so the story continues.... In Volume 1 of 4 of Season 1, of this dark urban novella, Jes grew up that fateful day, eight years before, when her father told her to stay in the car. Having her father's love for investigating, she got out of the car for just one peek--and what she saw that day changed the course of her life. Jes always knew about her people, the Jaguar People who were one of the ancient races. After all, she was born Jaguar. The Jaguar People were only one of the many ancient races who swore a duty to safeguard Mother Earth--even if, sometimes, that meant protecting her from the humans themselves Yet because the People are her guardians--there to preserve the Mother--nothing prepared Jes for that day, as a child, when she saw what could happen when one of her People went rogue. After all, they were here to look after the Mother--and that included the humans. They were not there to hunt--and take lives. That day put Jes on his path, and she did everything in her power to bring him down. Yet, in doing so, even Jes hasn't prepared to face the prophecy. And even though she knows the prophecy foretells of four princes, the sons of the dark mother, who rise up with a nation of old vamps to stop the rogue factions from ruling over mankind--she is in no way prepared for the man who challenges everything she believes--to face her own destiny.... In the hidden realms of this world lies a secret that could destroy the human race... Jess refuses to give up her search for the boy she once loved, who destroyed her dreams and betrayed the Jaguar People when he killed one fateful day seven years before. It's a hunt that brings her face-to-face with the secrets of her past...and brings her back to the Alliance and the hidden palace that holds her people. But can she let go of the past and embrace this chance they've been given to begin again? (Sister Series to Cat People, Jaguar Witch and Daughters of the Circle) Review "I'm a big fan of the paranormal /dark fantasy genre but that's not why I liked this book so much. From the very beginning The Fallen One has an eerie gothic atmosphere and as the plot moves forward the tale becomes even spookier. The characters are deep and described in such vivid detail that I had no trouble imagining them. The setting is unique, and the background story is something that hasn't been done before. What impressed me the most, however, was the writing. ..."by Best Selling Author Jayde Scott vampire romance, witch and vampire romance, young adult vampires and shifters, new adult vampire and witch magic, witch fantasy, paranormal witch fantasy, paranormal vampire dark urban fantasy
