Combining other worldly, adventures with elements of classical myth and fast-paced plots with cliffhanging tension, Edgar Rice Burroughs' The Martian Tales Trilogy helped define a new literary genre emerging in the early twentieth century: science fiction. In the first installment of The Martian Tales Trilogy, hero John Carter wins the affections of the princess of Mars and the respect of the Martian warlords whom he befriends. The excitement continues in The Gods of Mars, when Carter engages the Black Pirates in airborne combat above the dead

seas of Mars and leads a revolt to free the Martian races from a religion that thrives on living sacrifices. In the third book, *The Warlord of Mars*, Carter overcomes the forces of evil that would destroy the planet.

This carefully edited collection has been designed and formatted to the highest digital standards and adjusted for readability on all devices. Dodo Trilogy is composed of three novels by E.F. Benson. His very first novel, *Dodo: A Detail of the Day* (1893), which featured a portrait of the composer and militant suffragette Ethel Smyth (which she "gleefully acknowledged", according to actress Prunella Scales) was back then fashionably controversial and became an instant success. He repeated the success of *Dodo*, with the same cast of characters a generation later: *Dodo the Second* (1914), "a unique chronicle of the pre-1914 Bright Young Things" and *Dodo Wonders* (1921), "a first-hand social history of the Great War in Mayfair and the Shires. Edward Frederic Benson (1867-1940) was an English novelist, biographer, memoirist, archaeologist and short story writer, known professionally as E.F. Benson. He started his novel writing career in 1893 with the fashionably controversial *Dodo*, which was an instant success, and followed it with a variety of satire and romantic and supernatural melodrama. He repeated the success of *Dodo*, with sequels to this novel, but the greatest success came relatively late in his career with *The Mapp and Lucia* series consisting of six novels and two short stories. The novels feature humorous incidents in the lives of (mainly) upper-middle-class British people in the 1920s and 1930s, vying for social prestige and one-upmanship in an atmosphere of extreme cultural snobbery. Benson was also known as a writer of atmospheric, oblique, and at times humorous or satirical ghost stories. Table of contents: *Dodo*; *A Detail of the Day* *Dodo's Daughter* or *Dodo the Second* *Dodo Wonders*

Contains the following complete novels: - Cobweb Bride (Book One) - Cobweb Empire (Book Two) - Cobweb Forest (Book Three) Praise for Cobweb Bride ". . . Nazarian writes clean and true prose . . ." —Publishers Weekly "Set in an alternate Renaissance Europe, this series opener by Russian-born Nazarian combines the stylistic manner of a folktale with the trappings of an epic fantasy, one driven by compassion rather than heroics. . . . Fans of period fantasy and those who like stories that feel like fairy tales should appreciate this skillful novel by the twice Nebula Award-nominated author of *Dreams of the Compass Rose* and *The Duke in His Castle*." —Library Journal "I really enjoyed the rich, complex and highly unusual storytelling in the *Cobweb Bride*. Nazarian does an excellent job of painting the Renaissance world of her alternate reality and bringing in interesting twists of fantasy to the story. . . . Everything about this story that was fresh and new. I loved the premise it was built on and I loved the story itself. The characters are rich, multi-dimensional, and so easy to get to know and identify with. I am really looking forward to reading the next book in the trilogy when it comes out and in finding out more about what happens to the characters that still have a mission to carry out and how the story eventually resolves by the end of the trilogy. I recommend this book to readers of YA, lovers of fantasy, alternate-history, and alternate-reality. It was a terrific read." —Tracy M. Riva, *Midwest Book Review* "*Cobweb Bride* is astonishing and captivating; a lush fantasy of imagery and magical realism. The visuals are illustrated by the author's lyrical and metaphoric writing.

Every chapter and scene revels in this mortal coil, surrounded by an expansive collage of characters immersed in a plot as rich and decadent as a Verdi opera. . . . The vibrancy of Ms. Nazarian's writing is sheer kaleidoscopic visualization. The folkloric-fable twists and turns recount shavings from the mythos of Hades and Persephone without boring you with a full-blown serving of predictability. The romance is as subtle as it is grim, with glimmers of hope taking us further to our doom—perhaps. . . . The overall tone is introspective, hauntingly quiet with elements of horror-fantasy that are as provocative as the works of Tanith Lee and Storm Constantine." —Patrice, Romantic Historical Reviews, a 5-Star Top Pick Many are called... She alone can save the world and become Death's bride. COBWEB BRIDE is a history-flavored fantasy novel with romantic elements of the Persephone myth, about Death's ultimatum to the world.
