"Chloe Winter chronicles a year in her high school life, sharing the highs and lows of family, friendship, school, and love"--

Based on a true story, *Confessions of Her* is the debut poetry novel by Cindy Cherie, one of today's most popular poets on Instagram. It is a tale of survival depicting how one young woman found love in herself, rather than searching for it in the arms of another. This autobiographical collection of poetry and prose takes you on a journey of love and loss, depicting how she overcame heartbreak to ultimately, save herself.

In 1940s Los Angeles, an unidentified murder victim is found bisected in a shadowy lot. A catchy nickname is given her in jest—"The Virgin Tramp"—and suddenly a "nice little homicide that would have drifted off the front pages in a couple of days" becomes a storm center. Two brothers, Tom and Des Spellacy, are at the heart of this powerful novel of Irish-Catholic life in Southern California just after World War II. Played in the film version by Robert Duvall and Robert De Niro respectively, Tom is a homicide detective and Des is a priest on the rise within the Church. The murder investigation provides the background against which are played the ever changing loyalties of the two brothers. Theirs is a world of favors and fixes, power and promises, inhabited by priests and pimps, cops and contractors, boxers and jockeys and lesbian fight promoters and lawyers who know how to put the fix in. A fast-paced and often hilarious classic of contemporary fiction, *True Confessions* is about a crime that has no solutions, only victims. More important, it is about the complex relationship between Tom and Des Spellacy, each tainted with the guilt and hostility that separate brothers.

A new way forward for sustainable quality of life in cities of all sizes *Strong Towns: A Bottom-Up Revolution to Build American Prosperity* is a book of forward-thinking ideas that breaks with modern wisdom to present a new vision of urban development in the United States. Presenting the foundational ideas of the Strong Towns movement he co-founded, Charles Marohn explains why cities of all sizes continue to struggle to meet their basic needs, and reveals the new paradigm that can solve this longstanding problem. Inside, you'll learn why inducing growth and development has been the conventional response to urban financial struggles—and why it just doesn't work. New development and high-risk investing don't generate enough wealth to support itself, and cities continue to struggle. Read this book to find out how cities large and small can focus on bottom-up investments to minimize risk and maximize their ability to strengthen the community financially and improve citizens' quality of life. Develop in-depth knowledge of the underlying logic behind the "traditional" search for never-ending urban growth Learn practical solutions for ameliorating financial struggles

Socialite, fashion icon, television and movie star, recording artist and just plain celebrity: Twenty-two year old Paris Hilton is the great granddaughter of hotel magnate Conrad Hilton and is estimated to be worth \$30 million. The world first became aware of Paris Hilton through a Vanity Fair profile in 2000. Since then, she has graced the pages of countless magazines, newspapers, and tabloids; modeled on the runways of top designers; appeared on television shows as herself ('Saturday Night Live', MTV Music Awards) and as fictional characters (the new Sky One show 'Las Vegas'); had small parts in movies like 'The Cat in the Hat', 'Win a Date with Tad Hamilton' and the upcoming 'The Hillz'; has begun work on an album; and starred in a hit reality series, 'The Simple Life' (shown here on Channel 4). She has been romantically linked with current boyfriend Nick Carter of the Backstreet Boys, Rick Solomon (of the notorious sex tape), and Deryck Whibley of Sum 41. 'I think the biggest misconception about me is that I'm this spoiled brat. But I'm not. I'm the total opposite.'

New York Times bestselling author Jen Lancaster takes you from sorority house to penthouse to poorhouse in her hilarious memoir of living the sweet life—until real life kicked her to the curb. She had the perfect man, the perfect job—hell, she had the perfect life—and there was no reason to think it wouldn't last. Or maybe there was, but Jen Lancaster was too busy being manicured, pedicured, highlighted, and generally adored to notice. This is the smart-mouthed, soul-searching story of a woman trying to figure out what happens next when she's gone from six figures to unemployment checks and she stops to reconsider some of the less-than-rosy attitudes and values she thought she'd never have to answer for when times were good. Filled with caustic wit and unusual insight, it's a rollicking read as speedy and unpredictable as the trajectory of a burst balloon. Presents an expose of international corruption activities as reported by some of the world's top assassins, journalists, and activists, in a cautionary report that makes recommendations for safeguarding the world.

"This eloquent book inspires us to create a new reality of what it means to be human on this magnificent planet." —Deepak Chopra When New York Times bestselling author John Perkins was a young Peace Corps volunteer, his life was saved by an Amazonian shaman who taught him to "touch the jaguar"—to transform his fears into positive action. He went on to become an "economic hit man" (EHM), convincing developing countries to build huge infrastructure

projects that put them perpetually in debt to the World Bank and other US-controlled institutions. Although he sincerely believed this was the best model for economic development, he came to realize it was really a new form of colonialism. Returning to the Amazon, he saw the destructive impact of his EHM work. But he also was inspired by a previously uncontacted tribe that touched its jaguar by uniting with its enemies to defend its territory against invading oil and mining companies. For the first time, Perkins details how his experiences in the Amazon converted him from an EHM to a crusader for transforming our failing Death Economy that destroys its own resources and nature itself into a flourishing Life Economy that renews itself. He provides a strategy for each of us to change our lives and defend our territory—the earth—against destructive policies and systems.

Why would someone ever voluntarily become a sex worker? Liara Roux writes about the salacious details leading up to her decision to become a career sex worker, and the unexpected truths she learned while working in the industry. Liara Roux is accustomed to being mislabelled and misunderstood. As a child, Liara's inquisitive, instinctive, and rebellious nature was frequently problematised in a world designed around the requirements of their neurotypical, cis, heterosexual male colleagues. Coming of age in an oppressively restrictive home, they shuffled tarot and explored self portraiture to rationalise the injustice of chronic pain, toxic lovers, and the cruel silence of divinity. Critiquing capitalism's mechanisms of exploitation, the conservatism of Western medicine, and the politics surrounding sex work, *Whore of New York: Confessions of a Sinful Woman* is a candid study of artistic awakening, and both spiritual and sexual growth after abuse, seen through the eyes of a proud outsider.

The fourth and final volume in Michel Foucault's acclaimed *History of Sexuality*, completed just before his death in 1984 and finally available to the public. One of the most influential thinkers of the twentieth century, Michel Foucault made an indelible impact on Western thought. The first three volumes in his *History of Sexuality*--which trace cultural and intellectual notions of sexuality, arguing that it has been profoundly shaped by the power structures applied to it--constitute some of Foucault's most important work. This fourth volume posits that the origins of totalitarian self-surveillance began with the Christian practice of confession. The manuscript had long been secreted away, in accordance with Foucault's stated wish that there be no posthumous publication of his unpublished work. With the sale of the Foucault archives in 2013, Foucault's nephew felt that the time had come to publish this final volume in Foucault's seminal history. Philosophically, it is a chapter in his hermeneutics of the desiring subject. Historically, it focuses on the remodeling of subjectivity carried out by the early Christian Fathers, who set out to transform the classical Logos of truthful human discourse into a theologos--the divine Word of a pure sovereign. What did God will in the matter of righteous sexual practice? Foucault parses out the logic of the various responses proffered by theologians over the centuries, culminating

the Death Star of Washington lobbies and so militant and extreme as "to create and fuel the toxicity of the gun debate until it became outright explosive." INSIDE THE NRA explains this intentional toxic messaging was wholly the product of LaPierre's leadership and the extremist branding by his longtime PR puppet master Angus McQueen. In damning detail, Powell exposes the NRA's plan to "pour gasoline" on the fire in the fight against gun control, to sow discord to fill its coffers, and to secure the presidency for Donald J. Trump.

In this extraordinary novel, William Boyd presents the autobiography of John James Todd, whose uncanny and exhilarating life as one of the most unappreciated geniuses of the twentieth century is equal parts Laurence Stern, Charles Dickens, Robertson Davies, and Saul Bellow, and a hundred percent William Boyd. From his birth in 1899, Todd was doomed. Emerging from his angst-filled childhood, he rushes into the throes of the twentieth century on the Western Front during the Great War, and quickly changes his role on the battlefield from cannon fodder to cameraman. When he becomes a prisoner of war, he discovers Rousseau's Confessions, and dedicates his life to bringing the memoir to the silver screen. Plagued by bad luck and blind ambition, Todd becomes a celebrated London upstart, a Weimar luminary, and finally a disgruntled director of cowboy movies and the eleventh member of the Hollywood Ten. Ambitious and entertaining, Boyd has invented a most irresistible hero. Featuring 15 explosive new chapters, this new edition of the New York Times bestseller brings the story of Economic Hit Men up-to-date and, chillingly, home to the U.S. but it also gives us hope and the tools to fight back. Former economic hit man John Perkins shares new details about the ways he and others cheated countries around the globe out of trillions of dollars. Then he reveals how the deadly EHM cancer he helped create has spread far more widely and deeply than ever in the US and everywhere else—to become the dominant system of business, government, and society today. Finally, he gives an insider view of what we each can do to change it. Economic hit men are the shock troops of what Perkins calls the corporatocracy, a vast network of corporations, banks, colluding governments, and the rich and powerful people tied to them. If the EHMs can't maintain the corrupt status quo through nonviolent coercion, the jackal assassins swoop in. The heart of this book is a completely new section, over 100 pages long, that exposes the fact that all the EHM and jackal tools—false economics, false promises, threats, bribes, extortion, debt, deception, coups, assassinations, unbridled military power—are used around the world today exponentially more than during the era Perkins exposed over a decade ago. As dark as the story gets, this reformed EHM also provides hope. Perkins offers specific actions each of us can take to transform what he calls a failing Death Economy into a Life Economy that provides sustainable abundance for all. Perkins, a former chief economist at a Boston strategic-consulting firm, confesses he was an "economic hit man" for 10 years, helping U.S. intelligence agencies and multinationals cajole and blackmail foreign leaders into serving U.S. foreign policy and awarding lucrative contracts to American business. This breathtaking debut, winner of the Costa First Novel Award, is a murder mystery that travels across the Atlantic and through the darkest channels of history. A brilliant, searing depiction of race, class, and oppression that penetrates the skin and sears the soul, it is the story of a woman of her own making in a world that would see her unmade. All of London is abuzz with the scandalous case of Frannie Langton, accused of the brutal double murder of her employers, renowned scientist George Benham and his eccentric French wife, Marguerite. Crowds pack the courtroom, eagerly following every twist, while the newspapers print lurid theories about the killings and the mysterious woman being tried at the Old Bailey. The testimonies against Frannie are damning. She is a seductress, a witch, a master manipulator, a whore. But Frannie claims she cannot recall what happened that fateful evening, even if remembering could save her life. She doesn't know how she came to be covered in the victims' blood. But she does have a tale to tell: a story of her childhood on a Jamaican plantation, her apprenticeship under a debauched scientist who stretched all

Each "confession" reveals aspects of the author's thinking that his critics would probably have advised him to keep to himself. In this selection, covering subjects from art and architecture to politics and nature conservation, Scruton challenges popular opinion on key aspects of our culture: What can we do to protect Western values against Islamist extremism? How can we nurture real friendship through social media? Why is the nation-state worth preserving? How should we achieve a timely death against the advances of modern medicine? This provocative collection seeks to answer the most pressing problems of our age. In his introduction, the bestselling author and commentator Douglas Murray writes of what it cost Scruton to express views considered unpalatable, and of the importance of these ideas after Scruton's death.

—L.A. Times INTERNATIONAL BESTSELLER From master of suspense Lisa Unger comes a riveting thriller about a chance encounter that unravels a stunning web of lies. Selena Murphy is commuting home on the train when she strikes up a conversation with a beautiful stranger in the next seat. The woman introduces herself as Martha and soon confesses that she’s been stuck in an affair with her boss. Selena, in turn, confesses that she suspects her husband is sleeping with the nanny. When the train arrives at Selena’s station, the two women part ways, presumably never to meet again. Then the nanny disappears. As Selena is pulled into the mystery of what happened, and as the fractures in her marriage grow deeper, she begins to wonder, who was Martha really? But she is hardly prepared for what she’ll discover... Looking for more gripping suspense? Check out *Last Girl Ghosted*, also from New York Times bestselling thriller writer Lisa Unger.

Four million people in nearly 200 countries read *The New York Times*. Of these, many are opinion-leaders. Journalists everywhere read the paper to get a supposedly objective view of the news and to learn what *The Times* thinks is important. But they aren’t getting that kind of view – despite the ads *The Times* runs proclaiming its attachment to rock-solid truth. A *Times* former White House and investigative correspondent, Robert M. Smith, discloses how some stories make it to print, some do not, how the filters work, and how the paper may have suppressed the most important U.S. political story of the day—Watergate. Smith shows how the paper stepped into the ring and begun slugging it out with President Trump, instead of staying outside the ring and neutrally reporting what it saw. The book argues that the paper would have been far more effective in countering and exposing the President if it had remained true to its nearly two-hundred-year-old tradition and remained neutral -- that is, remained credible (as it so loudly maintains that it is). The book contends that objectivity on the part of the press might have made people believe the unfavorable things reported about Trump instead of dismissing them as the predictable product of leftist partiality. The book explains how to read the press like an insider. It discloses that *The Times* assigned Smith to hire a reporter of a particular partisan stripe; that the paper’s business journalists refused to cover negative stories about business, and that its Pentagon correspondent refused to cover the My Lai massacre committed by American troops in Vietnam. Written with candor and humor, *Suppressed* traces a young investigative reporter’s arc from naïveté to cynicism, from covering the White House to leaving the paper for Yale Law School and ultimately becoming a barrister in London and teaching at Oxford.

and quite possibly the people closest to you: lovers, family, friends. Our risk-seeking behavior and general fearlessness are thrilling, our glibness and charm alluring. Our often quick wit and outside-the-box thinking make us appear intelligent—even brilliant. We climb the corporate ladder faster than the rest, and appear to have limitless self-confidence. Who are we? We are highly successful, noncriminal sociopaths and we comprise 4 percent of the American population.” Confessions of a Sociopath—part confessional memoir, part primer for the curious—takes readers on a journey into the mind of a sociopath, revealing what makes them tick while debunking myths about sociopathy and offering a road map for dealing with the sociopaths in your life. M. E. Thomas draws from her own experiences as a diagnosed sociopath; her popular blog, Sociopathworld; and scientific literature to unveil for the very first time these men and women who are “hiding in plain sight.”
