

The Vietnam War A Concise International History

The study of US foreign relations is one of the most dynamic fields in American history. The availability of new sources in recent years has opened new opportunities for examining US behavior through the lenses of other nations. Meanwhile, historians of international affairs have increasingly borrowed the methods, questions, and insights of cultural and social history, enlivening their field and opening bold new lines of interpretation. Some scholars have moved away from the traditional focus on presidents, diplomats, intelligence chiefs, and military officers to examine the roles of activists, experts, journalists, athletes, and others in American foreign relations. This collection captures all these trends in a fully up-to-date, authoritative survey of US foreign relations across almost 250 years. More than 100 entries on topics ranging from the American Revolution to the wars in Afghanistan and Iraq provide basic background well-suited to readers approaching their topics for the first time. But the entries, written by a remarkable array of expert authors, also offer a valuable tool for experienced researchers and advanced scholars. Authors provide surveys of the scholarly literature related to each topic, along with guides to primary sources, including a rapidly

Access Free The Vietnam War A Concise International History

growing number of online collections. The volumes cover traditional topics like Anglo-American relations or the role of nuclear weapons in US diplomacy, while also considering themes that have received relatively less attention such as gender, LGBTQ issues, and environmental diplomacy.

A concise history of the Vietnam War, explaining the conflict itself and examining experiences of combatants.

??

???,????,????????????????????,????????????????????.

Most previous books on the Vietnam War have seen it primarily as an American military involvement in the affairs of a small Asian country halfway across the world. The present study, planned to run to four volumes, seeks to reassess the significance of the conflict by looking at Vietnam as one element in a global power game. It is also the first serious attempt to analyse the decision-making of both sides simultaneously, relating United States policy to the strategy and tactics of the Communist side - and to the complicated relations that existed between Hanoi, Moscow and Peking. 'It has always been hard not to be emotional about the subject, in one direction or another. Mr Smith must be praised for having produced a book which does not indulge the emotion he undoubtedly feels. His international history of the Vietnam war is calm, concise, excellent

Access Free The Vietnam War A Concise International History

and invaluable' - William Shawcross, *THESE Where the Domino Fell* recounts the history of American involvement in Vietnam from the end of World War II, clarifying the political aims, military strategy, and social and economic factors that contributed to the participants' actions. Provides an accessible, concise narrative history of the Vietnam conflict A new final chapter examines Vietnam through the lens of Oliver Stone's films and opens up a discussion of the War in popular culture A chronology, a glossary, and a bibliography all serve as helpful reference points for students

A groundbreaking new history of how the Vietnam War thwarted U.S. liberal ambitions in the developing world and at home in the 1960s At the start of the 1960s, John F. Kennedy and other American liberals expressed boundless optimism about the ability of the United States to promote democracy and development in Asia, Africa, the Middle East, and Latin America. With U.S. power, resources, and expertise, almost anything seemed possible in the countries of the Cold War's "Third World"—developing, postcolonial nations unaligned with the United States or Soviet Union. Yet by the end of the decade, this vision lay in ruins. What happened? In *The End of Ambition*, Mark Atwood Lawrence offers a groundbreaking new history of America's most consequential decade. He reveals how the Vietnam War, combined with dizzying social

Access Free The Vietnam War A Concise International History

and political changes in the United States, led to a collapse of American liberal ambition in the Third World—and how this transformation was connected to shrinking aspirations back home in America. By the middle and late 1960s, democracy had given way to dictatorship in many Third World countries, while poverty and inequality remained pervasive. As America's costly war in Vietnam dragged on and as the Kennedy years gave way to the administrations of Lyndon B. Johnson and Richard M. Nixon, America became increasingly risk averse and embraced a new policy of promoting mere stability in the Third World. Paying special attention to the U.S. relationships with Brazil, India, Iran, Indonesia, and southern Africa, *The End of Ambition* tells the story of this momentous change and of how international and U.S. events intertwined. The result is an original new perspective on a war that continues to haunt U.S. foreign policy today.

A groundbreaking, comprehensive new history of Vietnam from the earliest times to the present day. The Vietnam War Is One of The Least Understood And Controversial Wars of American History, Discover What Happened! Now Get This Vietnam War History Book For A Special Discount (50% off)The Vietnam War is a conflict that dominated America's history in the 19th century and the origin of the war can be traced back to the 1940's from the struggle between the communists and their colonial powers the French. Although the war halted in some instances with the dynamics of the war changing as the years progressed, it

Access Free The Vietnam War A Concise International History

actually never ended until the communists were able to seize Saigon and take control of the whole country. The Vietnam War took many turns, such as when the communists in the North led by Ho Chi Minh managed to defeat the French in the year 1954 as French tried to reclaim their colonial territory. This book has covered in detail every subject regarding Vietnam War right from President Kennedy's secret entrance into the war, to President Lyndon Johnson's and President Nixon's escalations of the war, and how each of them was involved in the Vietnam War process. You will get insight on how the communists were able to overcome and win the war despite the massive military and financial support that the South Vietnamese government enjoyed from the United States.

The Vietnam War explains "the first war America ever lost." The book begins with the War's origins after World War II and discusses the Cold War context of the 1950s. It moves on to the War's escalation in the 1960s and details the drawdown and defeat in the 1970s. Included is an extensive discussion of why the U.S. lost the War. Finally, the text discusses the consequences to America's psyche in the War's aftermath. The Best One-Hour History series is for those who want a quick but coherent overview of major historical events. It will also serve those who need a competent high-level introduction before going further. Each volume provides a clear and concise account of the episode under discussion. In about an hour, the reader will obtain a well-grounded understanding of why each subject holds iconic status in Western Civilization.

Explore The History of The Vietnam War From It's Beginnings to Its End Discover The Real Reasons Why America Was Unable To Win This Infamous War The Vietnam War is a conflict that dominated America's history in the 19th century and the origin of the war can be traced back to the 1940's

from the struggle between the communists and their colonial powers the French. Although the war halted in some instances with the dynamics of the war changing as the years progressed, it actually never ended until the communists were able to seize Saigon and take control of the whole country. This book has covered in detail every subject regarding Vietnam War right from President Kennedy's time to President Lyndon and President Nixon's time and how each of them was involved in the Vietnam War process. You will get insight on how the communists were able to overcome and win the war despite the massive military and financial support that the South Vietnamese government enjoyed from the United States.

An essential new resource for students and teachers of the Vietnam War, this concise collection of primary sources opens a valuable window on an extraordinarily complex conflict. The materials gathered here, from both the American and Vietnamese sides, remind readers that the conflict touched the lives of many people in a wide range of social and political situations and spanned a good deal more time than the decade of direct U.S. combat. Indeed, the U.S. war was but one phase in a string of conflicts that varied significantly in character and geography. Michael Hunt brings together the views of the conflict's disparate players--from Communist leaders, Vietnamese peasants, Saigon loyalists, and North Vietnamese soldiers to U.S. policymakers, soldiers, and critics of the war. By allowing the participants to speak, this volume encourages readers to formulate their own historically grounded understanding of a still controversial struggle.

The Vietnam War: An Intimate History by Geoffrey C. Ward and Ken Burns - Book Summary - Readtrepreneur
(Disclaimer: This is NOT the original book, but an unofficial summary.) A war so vicious it divided America and so

Updated and revised, with full-colour maps and new images throughout, this is a concise study of the Vietnam War, the most important event of the "American Century." The Vietnam War was arguably the most important event of the "American

Access Free The Vietnam War A Concise International History

Century.” America entered the conflict certain of its Cold War doctrines and convinced of its moral mission to save the world from the advance of communism. However, the war was not at all what the United States expected. Outnumbered and outgunned, the North Vietnamese and Viet Cong forces resorted to a guerrilla war based on the theories of Mao Zedong of China, while the US responded with firepower and overwhelming force. The resultant conflict was brutal and prolonged, and its consequences would change America forever, leaving the country battered and unsure as it sought to face the challenges of the final acts of the Cold War. As for Vietnam, the conflict would continue long after the US had exited its military adventure in southeast Asia.

Traditionally the purpose of National Forest Inventories (NFIs) has been to provide continuously updated information regarding the state of a given nation's forest resources, including their timber volumes, species composition and sustainable development. But with increased international reporting requirements - to the FAO, the ITTO, the UN's Framework Convention on Climate Change, the Ministerial Conference Protecting Forest in Europe and other international bodies - the potential role of how NFIs can accurately respond to these requirements has received some considerable attention. Addressing the issue of how well countries are able to respond to current international reporting requirements, this book discusses the importance of comparable reporting, and the possible approaches for achieving comparability across Europe and globally. It includes country status reports from 37 countries, worldwide, and it discusses methodologies and techniques for a common reporting system. With its collection of inventories and detailed discussions on the current status and future needs of NFIs, this book provides an invaluable resource for anyone involved in developing, managing, monitoring or contributing

Access Free The Vietnam War A Concise International History

to forest inventories, as well as to those who are researching or practising forest resource management.

The Vietnam War examines this conflict from its origins up until North Vietnam's victory in 1975. Historian Mitchell K. Hall's lucid account is an ideal introduction to the key debates surrounding a war that remains controversial and disputed in American scholarship and collective memory. The new edition has been fully updated and expanded to include additional material on the preceding French Indochina War, the American antiwar movement, North Vietnamese perspectives and motivations, and the postwar scholarly debate. The text is supported by a documents section and a wide range of study tools, including a timeline of events, glossaries of key figures and terms, and a rich "further reading" section accompanied by a new bibliographical essay. Concise yet comprehensive, The Vietnam War remains the most accessible and stimulating introduction to this crucial 20th-century conflict.

Now in a thoroughly revised edition, this influential book offers a concise history of the "Vietnam War" as seen by all sides, not just from the American perspective. Retaining its invaluable account of the strategies, perspectives, and internal politics of the Vietnamese Communists based on research in primary documents and interviews in Saigon and Hanoi, this completely updated and expanded edition incorporates the avalanche of documentation

Access Free The Vietnam War A Concise International History

and secondary literature in both English and Vietnamese that has appeared over the past two decades. Distinguished scholar William S. Turley traces the conflict from its origins in the colonial period to its aftermath and shows how the local, national, regional, and global layers of conflict blended into a single event of great complexity. He takes a refreshingly objective look at contentious issues and concludes with a penetrating assessment of the claims, justifications, and "lessons" that scholars, statesmen, and strategists have advanced since the war's end. More information is available on the author's website.

In this introduction to the representations of the Vietnam War in American history, literature and film, Mark Taylor offers a concise, interdisciplinary approach to this most popular but complex of subjects. His aim is to show the intricate nature of crucial events in Vietnam, indicate the different ways in which historians and other writers and filmmakers have sought to make sense of them, and explore the sorts of truths which each claims to be telling - how can we know what is authentic?

The Vietnam War: An International History in Documents places America's most controversial conflict in a broad, international context that reflects the experiences of North and South Vietnam, China, and European nations, as well as the United States. Featuring newly available material, this brief

Access Free The Vietnam War A Concise International History

collection of primary-source documents includes several never-before published and freshly translated diplomatic documents, social and cultural commentaries, memoirs, cartoons, posters, and photos. Mark Atwood Lawrence enables students to compare and contrast different vantage points on the war and to appreciate the conflict in all of its complexity.

The Tet Offensive was a coordinated series of North Vietnamese attacks on more than 100 cities and outposts in South Vietnam. The offensive was an attempt to foment rebellion among the South Vietnamese population and encourage the United States to scale back its involvement in the Vietnam War. Though U.S. and South Vietnamese forces managed to hold off the attacks, news coverage of

Access Free The Vietnam War A Concise International History

the massive offensive shocked the American public and eroded support for the war effort. Despite heavy casualties, North Vietnam achieved a strategic victory with the Tet Offensive, as the attacks marked a turning point in the Vietnam War and the beginning of the slow, painful American withdrawal from the region. This book chronicles the most influential campaigns of the war and the effects it had on both sides.

The Vietnam War endured for thirty years, cost billions of dollars, and resulted in thousands of Vietnamese, French, and American deaths. Massive American military intervention in Vietnam embroiled America in domestic protests, placed enormous strains on the western alliance, and ultimately required an alteration in U.S. global strategy. The Vietnam War - surveys the causes and course of the war in all its phases - examines the historical controversies surrounding the conflict - reflects on the military, diplomatic, political and cultural legacies of the war - considers the continuing relevance of the war to twenty-first century international conflicts David L. Anderson's concise overview critiques U.S. errors in magnifying the strategic importance of Southeast Asia in the Cold War, and in underestimating the strength of the Vietnamese communist movement. It is the essential guide to one of the major wars of the twentieth century. Hailed as a "pithy and compelling account of an intensely

Access Free The Vietnam War A Concise International History

relevant topic" (Kirkus Reviews), this wide-ranging volume offers a superb account of a key moment in modern U.S. and world history. Drawing upon the latest research in archives in China, Russia, and Vietnam, Mark Lawrence creates an extraordinary, panoramic view of all sides of the war. His narrative begins well before American forces set foot in Vietnam, delving into French colonialism's contribution to the 1945 Vietnamese revolution, and revealing how the Cold War concerns of the 1950s led the United States to back the French. The heart of the book covers the "American war," ranging from the overthrow of Ngo Dinh Diem and the impact of the Tet Offensive to Nixon's expansion of the war into Cambodia and Laos, and the final peace agreement of 1973. Finally, Lawrence examines the aftermath of the war, from the momentous liberalization--"Doi Moi"--in Vietnam to the enduring legacy of this infamous war in American books, films, and political debate.

Vietnam War The Vietnam War remains one of the most iconic events of the twentieth century. In the United States, it polarized public opinion and changed foreign policy. It destroyed the presidency of Lyndon Johnson and was the catalyst for a massively impactful protest movement. More importantly, in Vietnam, as well as surrounding areas, it caused untold destruction, death, and suffering. Inside you will read about... - Vietnam's Past - Exit the French - The United States and Ngo Dinh Diem - The Resistance War Against America Begins - "Americanization" - The American Home Front - Vietnamization and President Nixon - The End of the

Access Free The Vietnam War A Concise International History

Vietnam War and Its Aftermath Millions of Vietnamese and Cambodian people were killed, and many—including Americans—remain missing. Its origins lie in Europe's colonial conquests, and its legacies endure to this day. Read this comprehensive, concise history of the Vietnam War.

In the Tet Offensive of 1968, Viet Cong and North Vietnamese forces launched a massive countrywide attack on South Vietnam. Though the Communists failed to achieve their tactical and operational objectives, James Willbanks claims Hanoi won a strategic victory. The offensive proved that America's progress was grossly overstated and caused many Americans and key presidential advisors to question the wisdom of prolonging combat. Willbanks also maintains that the Communists laid siege to a Marine combat base two weeks prior to the Tet Offensive—known as the Battle of Khe Sanh—to distract the United States. It is his belief that these two events are intimately linked, and in his concise and compelling history, he presents an engaging portrait of the conflicts and singles out key problems of interpretation. Willbanks divides his study into six sections, beginning with a historical overview of the events leading up to the offensive, the attack itself, and the consequent battles of Saigon, Hue, and Khe Sahn. He continues with a critical assessment of the main themes and issues surrounding the offensive, and concludes with excerpts from American and Vietnamese documents, maps and chronologies, an annotated list of resources, and a short encyclopedia of key people, places, and events. An experienced military historian and

Access Free The Vietnam War A Concise International History

scholar of the Vietnam War, Willbanks has written a unique critical reference and guide that enlarges the debate surrounding this important turning point in America's longest war.

This is a concise and accessible introduction to the Vietnam war. Books in this Seminar Studies in History series bridge the gap between textbook and specialist survey and consists of a brief "Introduction" and/or "Background" to the subject, valuable in bringing the reader up-to-speed on the area being examined, followed by a substantial and authoritative section of "Analysis" focusing on the main themes and issues. There is a succinct "Assessment" of the subject, a generous selection of "Documents" and a detailed bibliography. Begins by exploring the origins of the conflict and then focuses on the war itself, taking the story through to 1975 and North Vietnam's victory. MARKET For those interested in US History , the Vietnam War or Southeast Asian history.

Offers forty-three essays on popular expressions of diverse aspects of the Vietnam War, including women war correspondents, atrocities, desertion, and the Kent State shootings.

Why did the US make a commitment to an independent South Vietnam? Could a major war have been averted? Fredrik Logevall provides a concise, comprehensive and accessible introduction to the origins of the Vietnam War from the end of the Indochina War in 1954 to the eruption of full-scale war in 1965, and places events against their full international background.

War—organized violence against an enemy of the

Access Free The Vietnam War A Concise International History

state—seems part and parcel of the American journey. Indeed, the United States was established by means of violence as ordinary citizens from New Hampshire to Georgia answered George Washington's call to arms. Since then, war has become a staple of American history. Counting the War for Independence, the United States has fought the armed forces of other nations at least twelve times, averaging a major conflict every twenty years. In so doing, the objectives have been simple: advance the cause of freedom, protect U.S. interests, and impose America's will upon a troubled world. More often than not, the results have been successful as America's military has accounted itself well. Yet the cost has been high, in both blood and treasure. Americans have fought and died around the globe—on land, at sea, and in the air. Without doubt, their actions have shaped the world in which we live. In this comprehensive collection, Terence T. Finn provides a set of narratives—each concise and readable—on the twelve major wars America has fought. He explains what happened, and why such places as Saratoga and Antietam, Manila Bay and Midway are important to an understanding of America's past. Readers will easily be able to brush up on their history and acquaint themselves with those individuals and events that have helped define the United States of America.

The U.S. government viewed involvement in the war as a way to prevent a communist takeover of South Vietnam as part of their wider strategy of containment. The North Vietnamese government viewed the war as a colonial war, fought initially against France, backed by the U.S., and later against South

Access Free The Vietnam War A Concise International History

Vietnam, which is regarded as a U.S. puppet state. U.S. military advisors arrived beginning in 1950. U.S. involvement escalated in the early 1960s, with U.S. troop levels tripling in 1961 and tripling again in 1962. U.S. combat units were deployed beginning in 1965. Operations spanned borders, with Laos and Cambodia heavily bombed. Involvement peaked in 1968 at the time of the Tet Offensive. After this, U.S. ground forces were withdrawn as part of a policy called Vietnamization. Despite the Paris Peace Accords, signed by all parties in January 1973, fighting continued. Vietnam was the center of the universe during the years 1965 - 1973. Throughout that period American units fought Communist-backed liberation forces over patches of ground neither side intended to hold, for a people who did not understand their place on the world stage, in a time lacking moral imperatives. Our political leadership failed to recognize it was America's soul that was at stake.

A comprehensive overview of one of the most controversial wars in America's history written by masterful children's historian and Newbery Medalist Russell Freedman. With prose that is clear, concise, and enthralling, Russell Freedman presents a detailed overview of the Vietnam war. Beginning with the rise of communism in Vietnam and detailing the increase of American involvement, Freedman then explains why, twenty years later, an exit was so difficult. In addition to explaining the complex beginnings of the conflict through the catastrophic damage the war caused, Freedman concludes with a hopeful epilogue on modern Vietnam. This is a definitive resource for young history readers as well as anyone who wants a concise and authoritative understanding of the Vietnam War, exploring both the American and Vietnamese perspectives. Freedman chronicles the history leading up to the war and the unfolding events in Vietnam and in the US as increasing numbers of

Access Free The Vietnam War A Concise International History

young men were sent into the jungles to fight. Coverage includes the French war in Vietnam, the rise of Ho Chi Minh, the fall of President Diem, the Tonkin Gulf, the Tet Offensive, the My Lai massacre, the bombing of Cambodia, and the fall of Saigon, as well as the US anti-war movement. The book includes nearly 100 historic photographs and illustrations, as well as candid photographs showcasing the state of Vietnam today. A glossary, source notes, bibliography and index are included. A Junior Library Guild Selection

New Update 02/08/2017 This short book aims to convey to the reader more about history in the Vietnam War Which causes the failure of America during the fierce war with Vietnam With a concise content, it will help you better understand important historical factors.If you find this content usefulTake action to assist the author !

Vietnam War, (1954-75), a protracted conflict that pitted the communist government of North Vietnam and its allies in South Vietnam, known as the Viet Cong, against the government of South Vietnam and its principal ally, the United States. Called the "American War" about Vietnam the war was also part of a larger regional conflict and a manifestation of the Cold War between the United States and the Soviet Union and their respective allies. This book depicts briefly the Vietnam war against American. It explains "the first war America ever lost." The book is for those who want a quick but coherent overview of major historical events. It will also serve those who need a competent high-level introduction before going further. Each volume provides a clear and concise account of the episode under discussion. In about an hour, the reader will obtain a well-grounded understanding of why each subject holds iconic status in Western Civilization.
