

Walther Nighthawk Pistol Guide

A recognized firearms historian has compiled a master index for every firearm model made between 1830 and 1998, to create this simple to use and a valuable gun information resource. 4,500 photos.

I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). It wasn't until my mother died was I able to "catch my breath" and to make sense of or process the emotional pain I had endured due to her prescription drug addiction, resulting in my own addictions.

Glock is a popular pick - an estimated 2.5 million people from 100 countries own one. The Gun Digest Book of the Glock, 2nd Edition, expands on the success of the first book with many new photos and hard-to-find data. The Glock's dynamic presence in the military and law enforcement circles around the world, including 65 percent of the U.S. law enforcement agencies, speaks to its innovative design and durability. This new edition also delivers the reliable and detailed model and production data you look for in a good gun guide, along with the extensive equipment guide with the newest models, plus step-by-step illustrations demonstrating ways to maintain and accessorize your Glock.

"Real World Survival!" What Has Worked For Me is a book about the hard choices we may have to make to survive in the world today. The author examines the importance of proper mindset and being aware of the world around us. He describes some of the characteristics of the bad guys and the varied weapons they may use against us. He covers various types of self-defense tools, along with the importance of getting the proper training skills and offers some suggestions on where to get such training. Also included are sections on firearms that the author has used throughout his career in law enforcement, as well as the pros and cons of "customizing" a self-defense handgun. As noted author, self-defense trainer and expert on legal liability and the use of force Massad Ayoob says in the Foreword to "Real-World Survival!". "This is a damn good book....Walt Rauch is a tough old bird and a wise man. I've learned a lot from him over the years. And, now...you, too, are going to learn a lot from Walt Rauch". MORE GUNS! The complete collection of John Connor's original Guncrank Diaries is all right here including excuses, alibis, pithy observations and general ephus. John Connor is a soldier, cop, father, lover of dogs, protector of the defenseless, guardian of what's right - and a fierce foe of what's wrong. He's fought evil, brutality and tyranny in the jungles of Vietnam, as a cop on the city streets of a major Southern California city, and in a host of god-forsaken places around the world. His friends often have very unusual names, and all remain fiercely loyal - and for very good reasons. This book isn't about what you think, either. Not at all. It's not just simply a series of columns John wrote for the pages of American Handgunner Magazine. They're stories, yes, but each has a meaning stronger than the words on the paper convey. Each one will drag deep-rooted, powerful memories from deep within you about things that were, or might have been. The effect this modest book will have on you won't buff out easily. Be prepared to be changed. What readers say about Guncrank Diaries: "Darn it Connor, stop it-stop it-stop it... my old eyes are not as tough as they used to be. Your story of the custom colt was just wonderful. I forwarded it to my wife ... now her eyes are leaking too. so just stop it!" Gary M. "I don't give a damn if the writer of Guncrank is or was a super secret special forces tacti-cool bad ass or if he was a truck driver or a mess sergeant. I like what he writes. I enjoy it because it is entertaining. And its usually just plain funny. So whoever you are thanks, I appreciate what your do or did."

Read Free Walther Nighthawk Pistol Guide

Just an Army Guy "Like fine wine, Connor's insights age well and remain cogent. More please." Doc H

In the past decade, no individual act of violence has killed more people in the United States than the mass shooting. This well-researched, forcefully argued book answers some of the most pressing questions facing our society: Why do people go on killing sprees? Are gun-free zones magnets for deadly rampages? What can we do to curb the carnage of this disturbing form of firearm violence? Contrary to conventional wisdom, the author shows that gun possession often prods aggrieved, mentally unstable individuals to go on shooting sprees; these attacks largely occur in places where guns are not prohibited by law; and sensible gun-control measures like the federal Assault Weapons Ban—which helped drastically reduce rampage violence when it was in effect—are instrumental to keeping Americans safe from mass shootings in the future. To stem gun massacres, the author proposes several original policy prescriptions, ranging from the enactment of sensible firearm safety reforms to an overhaul of how the justice system investigates potential active-shooter threats and prosecutes violent crimes. Calling attention to the growing problem of mass shootings, Rampage Nation demonstrates that this unique form of gun violence is more than just a criminal justice offense or public health scourge. It is a threat to American security. From the Hardcover edition.

Patented in 1898 and produced from 1900, Georg Luger's iconic semi-automatic pistol became synonymous with Germany's armed forces throughout both world wars. Initially chambered for the 7.65×21mm round, from 1902 the Luger was designed for DWM's 9×19mm round, which even today remains the most popular military handgun cartridge. It was adopted by the Imperial German Navy in 1904, followed by the German Army in 1908, receiving the name Pistole 08. Despite being supplanted by the Walther P38, the Luger remained in widespread service with all arms of Nazi Germany's armed forces throughout World War II, and even equipped East Germany's Volkpolizei in the years after 1945. Featuring full-colour artwork, expert analysis and archive and present-day photographs, this engaging study tells the story of the Luger, the distinctive and deadly semi-automatic pistol that has come to symbolize Germany's armed forces in the 20th century.

Current safety trends encourage shooters to opt for guns of less power, especially CO2-powered guns. Several airgun shooters are not required to go through the traditional buying procedures of high-powered pistols and rifles, such as background checks and waiting periods. Plus, companies such as Colt, Smith & Wesson, and Walther manufacture high quality CO2 products that are visually indistinguishable from their traditional firearms. In this new guide to CO2-powered pistols and rifles, James E. House offers a comprehensive history of

Read Free Walther Nighthawk Pistol Guide

CO2 guns, dating back to the 1930s, and a discussion of propulsion, pellets, and sights. Beginning shooters are introduced to the market with a complete analysis on performance and accuracy of currently available products. Airgun enthusiasts are reunited with CO2 classics no longer being manufactured. This book also offers additional sections on target shooting, games, and varmints. Offers a comprehensive history of CO2 pistols and rifles dating back to the 1930s Includes a categorical review of BB pistols, .177 caliber pistols, .20 and .22 caliber pistols, and rifles Discover products currently available only on the secondary market

During Desert Shield, Saudi Arabian troops laughed at their G.I. counterparts because every American soldier conspicuously carried a big fighting knife, yet none had ever been given formal training on how to use them correctly. Robert Spear has filled this training gap with a manual which goes far beyond the usual techniques. 123 pp., 5.5 X 8.5, photos, softcvr.

World champion professional shooter, firearms instructor, and mother Julie Golob presents information that can help parents start a conversation with young children about guns and the importance of respecting firearms. Includes parents' guide.

A hands-on, practical survival guide from retired Navy SEAL Clint Emerson, from eluding pursuers, evading capture, and surviving dangerous situations.

This revised 5th Edition, now expanded to over 400 pages in a larger 8 x 11 in. format, contains over twice as much information as previous editions. Featured in this 5th Edition are hundreds of digital images for most

All you ever needed to know about ammunition has finally been collected in one volume!

Vera Koo enrolled in a firearm safety course because she was afraid of guns. Goals are important to Vera, so she set hers high, completing the beginner's course, and eventually becoming the best shooter in her advanced class. Her instructor suggested she reach for an even higher goal with competitive shooting. And she did. With unflinching focus and determination, Vera became one of the most accomplished shooters ever. At age 70, she's an eight-time women's division winner of the prestigious Bianchi Cup Action Pistol Championship. She's the first woman to place in the Top 20 in the Bianchi Cup competition. Vera's story is more than that of a petite Asian woman becoming a top competitor in the male-dominated sport shooting world. It's the story of a Chinese immigrant, raised in a traditional Chinese culture, where women deferred to their husbands and kept to their socio-economic class, succeeded in America. Vera is a successful businesswoman, accomplished athlete,

Read Free Walther Nighthawk Pistol Guide

and a loving wife and mother. It was never an ‘either or’ for Vera, it’s about meeting life’s challenges head-on with dogged persistence, grace, humility—and humor. With faith in herself and God, Vera has survived unexpected tragedies, tremendous hurt, and betrayal. And yet, her story is about hope, love, compassion, and forgiveness. Through all the twists and turns in her life, Vera shows us how the same grit that made her a world class athlete, helped her find joy. “Search for something you’re good at,” Vera says, "and it will take you far.” - Vera

This book is devoted to a whole series of useful firearms, beginning with the well-known .22 Long Rifle. The venerable “twenty-two” hosts a wide array of interesting loads, including some ultra-quiet choices and fairly nasty high-speed rounds. Even hotter rimfire calibers include the .22 Winchester Magnum Rimfire, plus three small-bore derivatives: the .17 Mach II, .17 Hornady Rimfire Magnum, and Winchester’s high velocity .17 Super Magnum. Careful shopping can provide us with a useful rimfire (or maybe even two) with which to quietly harvest small game or eliminate pests. An economical .22 LR firearm can also serve as a great high-powered rifle trainer if similar function is considered. In a pinch, it might even work for self-defense. The rimfires can’t do everything, but they can do a lot once fully understood. One trait is easy to overlook

Read Free Walther Nighthawk Pistol Guide

until you start shooting. They're lots of fun! This book will lead the way from beginning to end.

This is the best and most comprehensive guide for those new to the world of fine guns, and a standard reference for everyone, written with the precision and the seamless grace that is a Michael McIntosh's trademark style.

At a time when crime scene television shows are all the rage amongst the civilian population, knowledge of firearm forensics is of paramount importance to crime scene analysts, police detectives, and attorneys for both the prosecution and the defense. Cartridges and Firearm Identification brings together a unique, multidisciplined approach to quest Provides lists of selling prices of items found on eBay in such categories as antiques, boats, books, cameras, coins, collectibles, dolls, DVDs, real estate, stamps, tickets, and video games.

Firearms Guide 3rd Edition for MACThe Most Extensive Firearms Reference Guide in the World! Now for MAC!Impressum Media Inc

Gun Digest Book of Guns & Prices features all the information the firearms enthusiast needs when it comes to accurate pricing and description of commercial (i.e., non-military) firearms. With approximately 15,000 rifles, shotguns and handguns--featuring nearly 110,000 condition-based gun values--this condensed, easy-to-carry book has you covered.

This document summarizes the main findings and implications of the first empirical study investigating the

Read Free Walther Nighthawk Pistol Guide

scale and scope of arms trafficking on the dark web, which was conducted by RAND Europe and the University of Manchester from September 2016 to July 2017. There is an ongoing debate over the extent to which online black markets on the so-called "dark web," the part of the Internet not searchable by traditional search engines and hidden behind anonymity software, facilitate arms trafficking. Details have emerged in the media following the Munich shooting in 2016 linking the weapons used by the attacker to vendors on dark web marketplaces (also known as cryptomarkets). Some media reports have also linked the Paris terrorist attacks in November 2015 to these platforms. While these reports appear to have raised concerns about the role of such dark web markets in arms trade, evidence on the subject is largely anecdotal, based on secondary data as reported after events such as terrorist attacks or successful law enforcement operations.

Are you concerned about the direction America is headed? Who is out there in the trenches fighting for our freedom and holding fast to the Constitution on our behalf? Our County Sheriffs are the last bastion of freedom against government overreach on a local and federal level. In *American Sheriff: Traditional Values in a Modern World* you will learn about one of those freedom fighters, Sheriff Mark Lamb, and how living overseas as a youth and ability to "Fear Not; Do Right" have shaped his ideals and convictions to love America. As the descendant of Pilgrims, he has been forged by hardships, wins, and losses to rise above the challenges and lead from the front, in Law Enforcement and in
